New Genworth Resource for Producers

In response to several conversations and requests for information, I want to share a [new communication](#) that highlights Genworth's commitment to addressing the financial challenges of aging. I think this will be helpful and well-received by your producers, and I ask that you share it with them.

If you have questions, please reach out to your Regional Vice President.

Thank you for your support and continued business.

Sincerely,

A handwritten signature in cursive script that reads "A. Vossenber".

Anthony Vossenber
President, Distribution
